The present congress will go down in history as the billion dollar congress.

Speaking of thrills, Hughes' speech surely brought one or more to the White House.

It is claimed that Hughes is not in accord with his party. That is the same old cry revamped for this occasion.

Many of those who are now claiming that Hughes' speech was not a key note may have another think coming after the first Tuesday in November.

On Friday last the German merchant submarine Deutschland made a successful slide to sea, eluding the the patrol of allied cruisers off the Virginia Capes, passing within a hundred yards of the cruisers.

It now seems to be a settled fact that the turning point of the war in Europe dates from the great naval battle at Jutland. Since that time the tide has strongly set in favor of the allies. This is the view taken by the leading journalists and statesmen of America and Europe outside of Germany.

From present appearance it would seem that the leaders of the defunct Bull Moose Party do not intend filling the vacancy caused by the declination of Col. Roosevelt to run for the presidency. Instead of which an electoral ticket will be placed in the field in such states as have a nucleus of an organization.
